

California's Riviera Coast Cruise

This cruise takes us through eclectic Laguna Canyon, along Pacific Coast Highway through parts of Laguna Beach, Corona del Mar, Newport Coast (California's Riviera Coast), past part of Newport Back Bay, and on to a display of about 120 beautiful and unique cars.

When: Monday, September 21st

Time: Drivers' meeting (9:00 a.m.) Depart 9:15 a.m.

**Where: Ayers Hotel (Parking Lot)
24341 El Toro Road, Laguna Woods, CA**

Our destination is the Crevier Classic Car facility. You'll see many different marques and interesting models. There's much to appreciate and covet in this collection of cars in the owner's personal collection, others being 'stored' (or maybe better said kept and pampered for their owners), and still others there for sale on consignment. Our host will provide coffee, sodas and donuts.

Crevier Classic Cars management has requested that while we are in their building, all club members practice appropriate social distancing and wear face masks.is
