Coast to Coast Road Rally

San Diego Region

Heads up PCC,

This club event is coming up on Saturday August 21st. The rally starts in Carlsbad and ends in Encinitas so it's pretty close. Registration is open here: [Coast to Coast Road Rally](#)

Remember the Navigator must register first. Then when the driver registers you pick your navigator from the list. You need an SCCA membership (either the driver or the navigator). You can join for the year for \$40 or get a weekend membership when you sign up for \$15. Entry fee is \$25 per car.

As of right now I am the only Corvette signed up for the rally, period, and we even have a dedicated Corvette class to help attract you guys into some friendly low speed competition. I don't want to win by default.:-) We usually get a total of about 60 cars of all types. Remember, road rallies are safe, low-speed events held on public roads and we never ask you to exceed the speed limit or do anything unsafe. The object is to navigate from checkpoint to checkpoint at an exact speed following a route list. No traps or gimmicks for this rally, just precision driving. You can not arrive early or late. It's fun, challenging, and a great way to spend a couple of hours driving some great SoCal back roads in your Vette.

Come on out and have a great Saturday morning with us! Lunch at the beach is at the end of the rally in Encinitas.

Several people at Cars & Coffee this morning expressed interest in coming out. Please join us, these rally's are a blast and about the safest thing you can do with your car except polish it. Let's make the Corvette class a PCC class and see who gets bragging rights!

Bob Rose
