PCC MAKING STRIDES AGAINST BREAST CANCER DRIVE AND SHOWCASE

Join the club as we drive for a cure for breast cancer.

This community walk supports the work of the American Cancer Society specifically for breast cancer programs and breast cancer research. We are hoping to enhance Chevrolet's national support of the American Cancer Society at this walk by having 12+ corvettes on display at Segerstrom Center for the performing arts.

Chevrolet and General Motors have raised more than \$13 million dollars for the Making Strides Against Breast Cancer program, which has helped raise awareness for a cause that affects millions of lives every day. The Chevrolet family is proud to support the American Cancer Society and their efforts to save lives from breast cancer.
